## PROFESSIONAL EXPERIENCE

### Accenture Consultant

New York City, NY  
Jul. 2019 – Present

#### Fortune 500 Telecommunication Company

- Coordinated the end-to-end planning for kickoffs with C-suite client employees for a managed outcomes business model allowing for the alignment on plan, process, and concerns which resulted in ~30% increased buy-in from key stakeholders
- Established a mobilization and change framework, for an extensive 8-figure project spanning over 3-years, which improved the onboarding experience for over 300 resources resulting in reduced FTE involvement by over 75%
- Developed various transformation materials, all of which were packaged into bootcamps, as part of the core Transformation Team for topics such as Agile Best Practices, Managed Outcomes Models, Data Driven Insights and Project Management

#### Fortune 500 Pharmaceutical Company

- Managed two large data implementations from a project management perspective and collaborated with the project team, development team, testing team, business team and compliance team to ensure seamless release timelines
- Oversaw all platform releases to ensure capacity and load of teams were optimized, regulated business processes were adhered, and timelines were met, thereby understanding and managing client expectations
- Orchestrated agile ceremonies as the Scrum Master and coached project members on best agile practices, improved quality of user stories and traceability in JIRA, tracking of story progress in JIRA and Excel, and leading multiple daily scrum events

#### Fortune 500 Insurance Company

- Headed two agile teams as the product engineer by working closely with the client and translating business requirements into more than 300 refined user stories for the development team
- Spearheaded the complex 50 U.S. states workstream by creating a functional plan for requirements gathering, analyzing complexities, and training the other business analysts to align with the process
- Presented to Client Business Leadership on a weekly basis to discuss the requirements for unimplemented U.S. states, demoing features, and managing expectations of future capabilities and fallbacks

### Accenture

Boston, MA

#### Consulting Summer Analyst

Jun. 2018 – Aug. 2018

- Identified key aspects of the consumer beverage market and researched the business plan from requirements gathering and gap analysis to implementing the solution and providing support
- Participated during the biggest go-live phase of a multimillion-dollar project to ensure faultless full batch and lot system utilization by following a strict cutover plan and keeping in communication between all corporations involved in integration

## EXTRACURRICULAR ACTIVITIES

### Rutgers Consulting

New Brunswick, NJ

#### Vice President of Professional Activities

Sep. 2017 – May 2019

- Pioneered Basecamp as an internal consultant for the Executive Board to promote team dynamic, structure, and collaboration
- Launched the Consulting Analyst Program with members on the Executive Board, allowing students to work directly with local businesses as consultants
- Created the first mentor/mentee program which allows mentees to connect with older students and alumni for guidance
- Produced a CRM of 70 alumni contacts by making sure all interactions and participations were logged for efficiency

### Alpha Kappa Psi, The Co-Ed Professional Business Fraternity

New Brunswick, NJ

#### Knowledge Co-Chair, Professional Development Co-Chair, Pledge Class Vice President

Feb. 2017 – Dec. 2018

- Presented workshops to both current and future members to foster knowledge base and professional growth
- Developed a thorough business plan, including marketing and sales, financial projections, and market analysis, to propose to potential investors
- Facilitated a team of 18 to organize various social, professional, and fundraising events
